Why is "LABBAYK" repeated 4 times in the talbiyah?

The secret behind this act; which is to present oneself with the 4 aspect of a human being, wholeheartedly and willingly to Allah ﷻ

1 The first LABBAYK is referring to a person is saying

'Yes O Allah ﷻ I am present with my body, at your service and submission. I will live with all my organs within Your commands and love'.

The second LABBAYK refers to a person's mind, that 'with my mind and thoughts Ya Allah I will be present in your presence and know that you are watching me, is with me and listening to me. I will not entertain the unintentional thoughts from Satan and nafs and I will endeavour to think about you, your attributes, your creations and your magnificence'.

2

3 The third LABBAYK highlights how one should be present in front of Allah ﷻ with one's heart, and discover the nearness one can find in the "Qalbe Saleem", a purified heart. To try and begin the cleanliness of the heart from the diseases plaguing it.

The fourth and final LABBAYK should bring a person to realise that they will use their nafs (ego) to present in front of Allah ﷻ as well. That they will stop entertaining the evil and lustful desires and use it to be in the presence of Allah ﷻ and work for His mission.

MASJID AL QUBA

The blessed teacher visited the sacred vicinity of Masjid Al Quba. This is the masjid and locality where the Prophet ﷺ would visit every Saturday to honour and in memory of the people of Quba on how they were the first people to come and support the messenger of Allah ﷺ during his migration to Madinah Al Munawarah.

This area and Masjid have numerous other significance and virtues mentioned in the ahadith, therefore one should try and visit here when you are in umrah.

AL KHANDAQ

Battle of the Trench

Lessons were given from this historic battle where a trench was dug between the armies of Muslims and Shaitanic forces.

This was an example for anyone coming in the future to realise that if you are struggling to save yourself from sins, you must separate the source if the sins from your life. Just like the companions had dug a Trench between them and evil, you must do as well.

This means, if your phone is leading you to commit sins, change your phone or put in barriers and apps which stops you going to these evil sites and company.

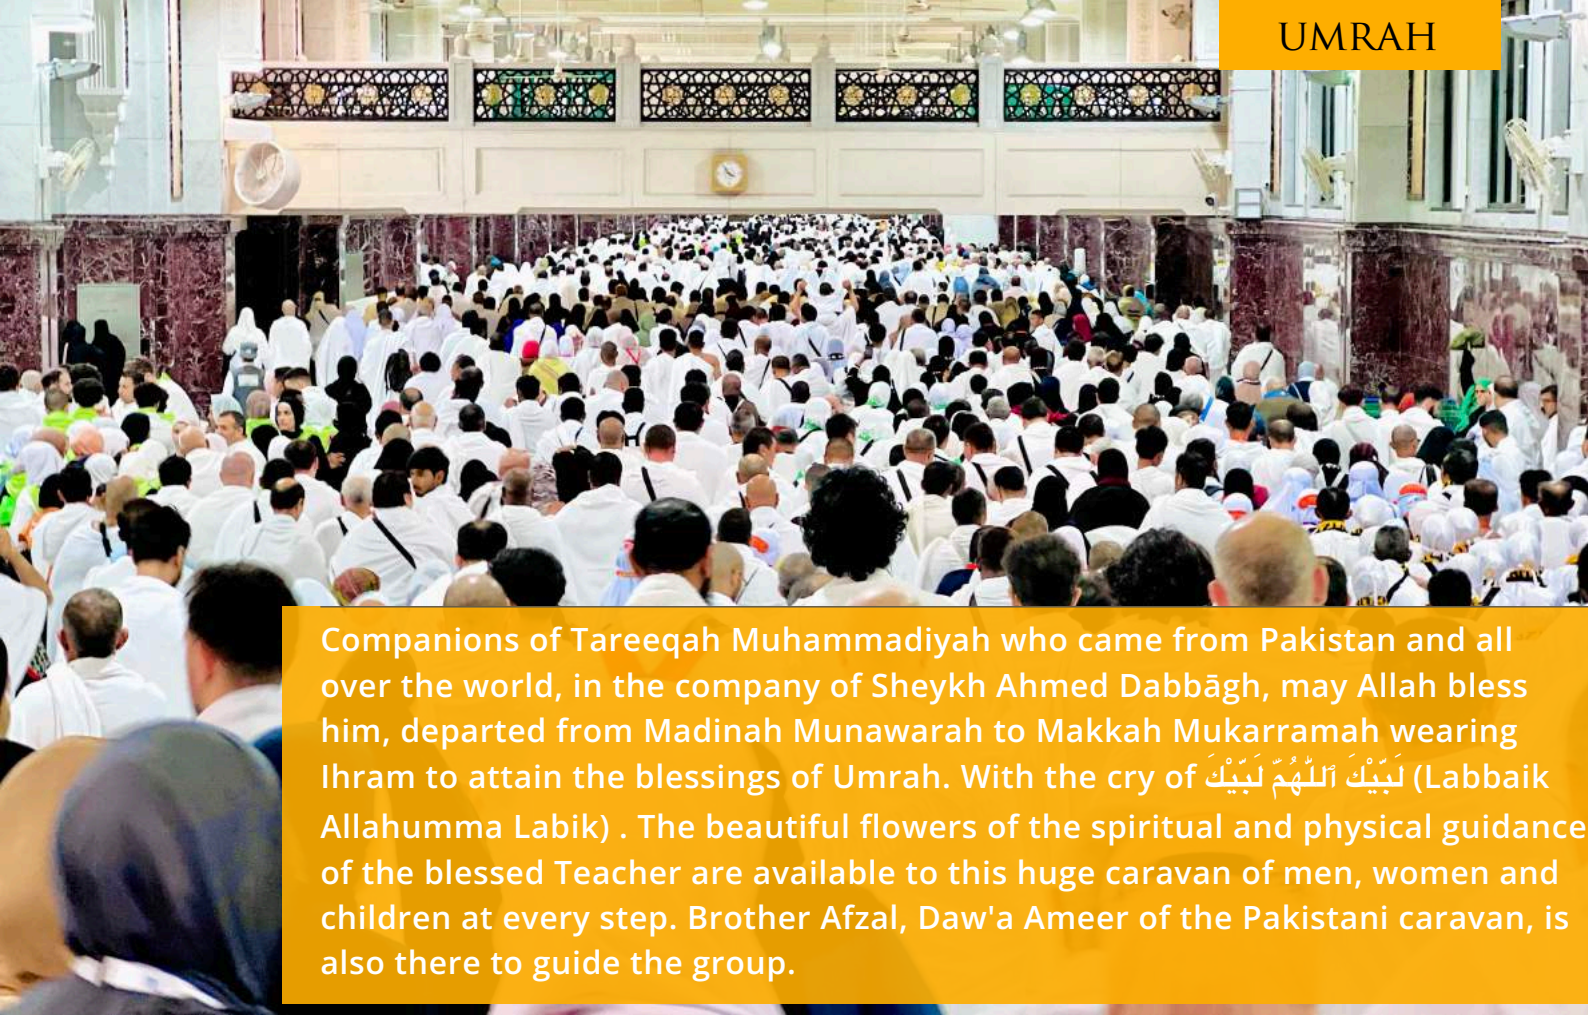

If you are missing prayers because of peer pressure then change your friends circle.

Alhamdulillah, a large number of brothers and sisters from Pakistan went to get the blessing of Umrah with the blessed teacher, Shaykh Ahmad Dabbagh.
