Visit to at-Ṭā'if

The first stop was at Masjid Addas رضي الله عنه, dedicated to the slave of Utbah bin Rabiah, who fed the Prophet ﷺ grapes when they stopped in the orchard after being driven out of Taif. Sayyidina Addas رضي الله عنه watched the Prophet ﷺ say bismillah before they ate, asked about this, then converted to Islam straightaway - he was the only reported convert from the journey to Taif.

We were reminded how much pain the blessed body of the Prophet ﷺ was put through by coming to Taif and being rejected by its people, to the point that the soles of their feet were bleeding, yet he ﷺ still forgave them, so we should also forgive each other. Islam reached the world (Pakistan, Bangladesh etc) because of the people of Taif who did jihad during the time of Sayyidina Umar رضي الله عنه - so RasulAllah ﷺ blood facilitated our Islam.

Next stop was Masjid of Hazrat Abdullah ibn Abbas رضي الله عنه, the son of the uncle of the Prophet ﷺ, who remained in Makkah for the majority of the Hijrah period and was considered the last emigrant. Sayyidina Abdullah رضي الله عنه himself was known as 'the interpreter of the Qur'an' and one of the most prolific hadith narrators - it is notable that he had dua made for him by the Prophet ﷺ when he was young.

The final stop on today's tour was the residence of Sayyida Haleemah رضي الله عنها Saadiya, the milk mother of the Prophet ﷺ,

who raised them during their childhood years of the Prophet ﷺ.

In this area of Taif, Rasulullah ﷺ spent the beginning parts of his life. Then he came here for dawah. Then, after Fath al-Makkah, the relatives of Sayyida Haleemah Saadiya رضي الله عنها came to RasulAllah ﷺ, who freed them from slavery, and helped them financially.

Visit to Al-Badr

The tour group went to Al Badr the first legendary battle between good and evil on this earth.

On the way there they group stopped a Bir Ruah a short stop on the way to Badr where the companions and the Prophet ﷺ also stopped.

Pictured is a replica of the actual tent in which the Prophet ﷺ resided in temporarily during the battle and prayed.

There is now a mosque in its actual place called mashid Al Arish but the original would have had the similar tent in its place as shown in the picture.

Winter Retreat

Prophetic Path held a winter residential spiritual retreat near North East (North York National Park) in the UK, from 28th till 30th December 2022

This Spiritual Retreat was very relaxed, had a mixture of archery, scenic walks around the reservoir, indoor play area (table tennis, pools table, etc) as well as most importantly, the teaching & Muraqabah sessions, illustrating a Prophetic Solution to Living and Economic crisis people are going through now.

The main theme of the teachings was to show firstly; amongst all these crises, the spirit is suffering the most, it's starved of its food and it is lost

from not knowing where it belongs. When the spirit itself is lost and near death, then how can it support other human faculties (such as the body,

“amongst all these crises, the spirit is suffering the most”

mind, moral and emotional self) as a mother of all of these four faculties? When the spirit is enlightened and is reconnected then it can support the other human entities with inner

resilience, patients, inner peace and serenity amongst all the chaos, which are not in our control fully to overcome.

Secondly, how the Allah's solutions to grief, depression and anxiety are taught, and practical solutions are given in light of 'purification course'.

Even the non-Muslim archery trainer spent one full afternoon with us to observe what we do in such retreats. Sam was with us for the meal, salah and for the above teachings sessions too.

Winter Retreat

Ustadhs Qays, Sajid, and others illustrated the essential teachings in a workshop-classroom fashion, very interactive, humorous ways; yet conveyed the message and reiterated to take home those points to benefit.

Also, Muraqabah Dua'a and Miraj sessions were conducted.

Some new participants echoed that the method of Islamic teachings and spirituality presented in a very modern yet professional manner, and teachers were super friendly and non-

judgmental, which enhanced the overall experience too.

Many revisiting participants also benefited from this as a refresher as they may be feeling down and grappling with the usual tricks of Nafs and Satan.

Also, the informal blend of Naseehah after salahs, drawing lessons from archery, scenic walk also added to this overall positive learning experience and served as a refresher to all.

There is only

that is **love** and
obedience to the
Prophet ﷺ
and practicing this is
the greatest of
miracles.
